OPEN HOUSE TO WELCOME DR. AND MRS. SCHNITKE ON NOV. 15

Two of Bethel's newest residents, Dr. and Mrs. Sidney M. Schnitke, will be honored at open house welcoming them to the Bethel community, to be held on Sunday, Nov. 15, from 2 to 5 p. m. at the home of Bethel Health Council president, Rev. Thomas Caton, on Broad Street. An open invitation is extended to members of the Bethel community to visit and meet Bethel's new physician and his wife.

The Schnitkes first came to Bethel late last spring in response to an ad, and subsequent invitation, of the Bethel Health Council. The Council, and community representatives, were pursuing their major community project of seeking another physician for the Bethel area. The Schnitkes expressed an interest in locating here if suitable housing and office space could be found. With the assistance of the Health Council, interested town officials and community citizens, the Schnitkes arranged to rent the Pat Bennett home on Paradise Road and to purchase the Rose Bartlett house nearby to renovate as an office.

Dr. Schnitke, a practicing physician for the past 30 years and formerly of a New York City suburb, has held a long desire to be a country doctor. Although settled in his new quarters for just a short time, he readily admits his love for Maine and the relaxed pace of Bethel community living. Dr. Schnitke is a New York City native and received his B. S. degree from the City College.

S. A. D. 44 DIRECTORS APPROVE TRANSPORTATION CONTRACTS AT MONDAY MEETING

Meeting at Andover Monday evening the S. A. D. 44 board of directors awarded contracts for transportation of pupils. Approved was a contract to Mrs. Rena Powers of Newry for the 1970-71 and 1971-72 school years at the following rates: large bus, 50 cents per mile, and small bus, \$3 per day. R. S. McMillin Transportation Co., Inc., of Bethel was awarded a contract for the 1971-72 and 1972-73 school years as follows: large vehicle, 55 cents per mile; 9-passenger van, 35 cents per mile; \$5 per day for South Bethel Chandler Hill kindergarten route.

Under the recommendation of Frank Hunt, transportation supervisor, the 1958 International bus was removed from the pupil-transportation category.

Earlier in the meeting, Theodore Davis, Telstar mail department chairman, reported on his department's goals and objectives. He stated that hopefully next year advanced Placement and some vocational algebra will be initiated. Mr. Davis was pleased that this year for the first time they are members of the Math League which he believes will be beneficial to school spirit on the academic level. He reported that M. Curtis, with about 225,000 ballots, came team teaching in involved in three classes of algebra at the vote.

MEMBER OF LEGISLATURE

Changes in their rules and regulations to permit a citizens' discussion period to become a permanent part of regular meeting agendas, and to permit a representative of the Telstar Student Council to sit on the board (without a vote or participation in executive sessions). Eddie Snyder of Andover reported for the negotiating committee saying that they had met with the M. S. A. D. 44 Education Association group on Oct. 23. The association presented the board with part of their comprehensive request. He stated that the balance of the document will be submitted before any actual negotiations begin.

David Bishop, assistant superintendent, reported on the K-12 health program, stating the types of items currently involved. Some material and information on the drug problem is now being discussed in classrooms as an incidental part of the regular curriculum at the elementary level in working with the Maine Education Council and the State Department the district will be able to find satisfactory programs to establish its own sequential program. — Mrs. Celeste Morgan, Corcoran. —
Jack Frost has shown his hold over this week; bringing us cold nights and over all a quiet frost. His traces could be seen each morning. Then as the sun came spreading like soft butter over bread it chased "Jack" from the lawn while the wheel-like wheels glided in the sun. By afternoon my dreams reached out beyond the woods. I could not still my feet. I simply had to rise and go.

Once there was a walk to the hills at the farm, another down the road and on to a hillside, then one day over Rowe Hill to the old Durham farm.

Today's hike will be my last to the hills and woods until November is through.

I went to the woodlands with no special place in mind except to follow the Spring Road for a distance.

When about five minutes on my way I looked up into the yellow face on the crest of a hill. There was an attentive little animal watching me. I am still not sure what it was, but as it turned to go a flash of red-gold along its back glinted in the sun. I presume it was a fox although I didn't see its tail. Whichever it was, bobcat or fox, I continued on, knowing that he had traveled faster than I.

Going south through the rustle of the leaves and coming to a hemlock grove I sat to listen, just listen. No leaves turned, no breath disturbed the peace of the ferns. If there was a breeze it kept high up and where I sat there was no feel of it.

In a few moments a squirrel and a chipmunk, each busy at his own task, rattled on by.

I like these quick bright movements of the wild things, the gold of the squirrel's tail held high, the brown striped pattern of the chipmunk's body that weaves among the autumn leaves, and the unexpected flash of wings.

Today the hairy woodpecker was any companion for a time. She would fly ahead, become a drummer, wait until I was near, then on she would go.

After a time in the warming sunshine and the cooling shade I moved on up the wooded pathway. Here

Mr. Stearns of North Waterford; and Mrs. Mildred Allen of Fryeburg were callers recently of Mrs. Olive Spinnery.

Mrs. Helen Canales of Bethel was a Sunday dinner guest at Marian Bumpus' and spent the afternoon.

Mr. and Mrs. Albert McAllister visited her mother, Mrs. Edna Ring, and Mrs. Lilian Meserve, Lovell,

I found a new road I had never before traveled. So I followed for a time and as I raised my eyes I saw above a green roof concealing the sky. Then I turned back and up toward the top of the hill.

From there I could see the baby hills and mother mountains shawled in evergreen slopes and standing between were the helpless foothills.

I found a little spring which had lost its way among the fallen leaves and ferns; its tiny "fingers" forever reaching.

There were two holes beneath the rocks where small furred creatures probably were wedged with fear; sniffing — out of reach.

And probably somewhere the restless eyes of the forest deer, with nostrils testing the air and antlers raised; knew my presence.

The road down which I now started, was one I had traveled so often — old but ever new. Here trees met above, coating the sunshine in and I bent to pass beneath their boughs. I sat to look back up the hill and

wished my camera could capture this green framed window opening to the satin sky.

A short way from here was an ancient sanctuary for birds, a temple with gray old trunk and limbs of boundless power reaching high toward heaven, massive, tall, and dark.

In the distance I could now see the sparkle of water and the glimpse of home. In the back ground there was a deep purple clothing the mountains while statuesque clouds, sculptured in white rose like icebergs in a sea of blue. I can never forget the tranquility that a cleared woodland can bring to me.

Miss Ann Holt and Mrs. Clyde Morgan were in Bangor for the week end visiting Mr. and Mrs. Robert Holt and Danny.

Callers this week at Mr. and Mrs. Clyde Morgan's were: Miss Jackson, Miss Burnham, Mrs. Myrtle Hayes and niece, Bryant Pond, Mr. and Mrs. Montie Millett, Pittsfield,

N. H., Mrs. Eva Mills, Locke Mills; Mrs. Berna Bacon, Harold Perham, West Paris.

No bookmobile this week and it was surely missed by those who look forward to it.

Mr. and Mrs. Chester Bowen, Massachusetts, are at their camp for a few days.

Clyde Morgan and Carroll Nottage attended open house at the new barn of Frank Bruno, E. Hebron, on Saturday.

Mrs. Helen Heath, Norway, was a caller at her mother's, Mrs. Edla Tainlander's on Saturday.

Mrs. Doris Hayes has resigned from her teaching position at West Paris because of ill health.

Miss Joy Hayes, New York, is with her grandparents, Mr. and Mrs. Roland Hayes, until Thursday, when she and Elmer Hayes leave for Florida for the winter. They will join Mr. and Mrs. Clayton Blake on the trip down.

Callers at Mr. and Mrs. Norman Millett's this week were: Mr. and Mrs. Montie Millett, who have been

at their home here a few days; Mrs. Evelyn Johnson, Locke Mills; Mr. and Mrs. James Coffin, West Paris; Mrs. Cora Birney, Rolling Dam, N. B.; Brenda and Ryan Matson, Bethel.

Robert Silver and family moved to the Norman Millett place over the week end.

SUNDAY RIVER

Mrs. R. M. Fleet, Corres.

Roy Bennett and Roland Fleet have the snow fence up so all is ready for the leaves which are all on the ground or a snow storm to pile up against the fence.

Win Howe and others of Howard Pond were in town Wednesday.

Mr. and Mrs. Roy Noyes of Bryant Pond and Mr. and Mrs. Gilbert Whitman were at the Noyes camp, Sunday.

Miss Learned of Bear River spent the week end with Darnita Yates.

Mr. and Mrs. Paul Shaw were in Ketchum, Sunday.

Mr. and Mrs. Angela Onofrio of Bethel called on Romeo Baker and the Roland Fiests Thursday.

Barbara Yates and Jeannine Fleet were in Lewiston recently.

Mrs. Hilda O'Brien of Gorham, Maine, called on her brother Roland Fleet and others Thursday and Friday.

We were sorry to learn that one of our summer campers at Ketchum has been absent on account of a bad fall which injured his neck. Hope he will be O. K. soon.

The hunters have been going to Ketchum all day so as to be on time for Monday. I play the wild things as many of them are going to get hurt and others will have a hard time to get a chance to eat for the next few weeks.

Well, if the signs are right we are in for plenty of snow this winter as the hornets' and wasps' nests are extremely high in trees. Also the leaves are flat on the ground as we have not had a wind to pile them in places.

Dr. L. Barnes of Hiram was in Ketchum, Thursday. Also he called on the R. M. Fleets to say he was just as busy as all the rest of us.

EAST BETHEL

Mrs. David Foster, Corres.

Mrs. Floribel Haines and Fred Haines visited Mr. and Mrs. Richard Harvey in South Paris, Friday evening.

Christian Science
Spiritual discernment is needed to understand man's essential nature, according to the Lesson Sermon to be read at Christian Science services Sunday.

"As mortals begin to understand Spirit, they give up the belief that there is any true substance apart from God." A passage to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states.

One of the Scriptural citations in the Lesson Sermon "Adam and Fall of Man" is from Genesis: "God created man in his own image, in the image of God created he him; male and female created he them."

LETTER TO THE EDITOR

Dear Editor:
I was shocked last Tuesday, election day, when I saw one of the candidates for election standing on the steps leading into the polls. Soliciting votes on the steps of the place of polling is illegal. I never saw such a flagrant lack of ethics in connection with an election. I certainly hope that officials will never allow this to be done again.

An Outraged Voter

Dear Editor:
I am angry so I feel that I must write this letter.

The Halloween pranks of yesterday are no longer "pranks." In a great many instances it has ended up as just plain vandalism.

It is a sad commentary when the Sunday morning following Halloween we find raw eggs dried onto the front of the building and broken egg shells all over the doorsteps as we enter our house of worship. What possible fun can there be in causing such desecration?

We have many young people today who are fine citizens of whom we can be justifiably proud. However, in our anger and frustration when the "minority" of this age bracket do such despicable acts we tend to forget the young people who are a credit to our society. We hastily and unfairly blame them all. Teen-agers are like airplanes; you only hear about the ones that crash.

We are not against anyone having fun and enjoying life but these young people do not seem to know or care about where to draw the line. What has happened to respect, pride, decency and thoughtfulness to others, to name just a few? These youths do not even have respect for themselves obviously.

I realize that this letter will not change things one bit. It is only a means of venting my own feelings but I wish that the young people who did this would earnestly think about what they have really done to themselves as well as to our church.

How much better it would be if they would stop and think about it and just try the Golden Rule.

Sincerely,
Mrs. Juanita Allen
Bryant Pond

Dear Editor:
The following excerpt from the Christian Science Monitor may be of interest to our City Fathers:

"A plan offering reduced airport landing charges for aircraft operated at low-noise levels has been proposed by the Australian House of Representatives committee on aircraft noise."

"The committee's report, made after two years of investigation, said airlines should be offered incentives and not threatened with penalties to reduce noise."

We must think creatively in every area. It is up to us to turn these times of revolution into peaceful evolution. Often we see the front yard of a rich man's house looking not much better than a neglected barnyard, the argument advanced being: "If I spruce it up they will raise my taxes."

City fathers should proclaim rather than taxes will be remitted (even one percent would be an incentive) if home owners landscape and beautify the surroundings of their houses. We will then have truly beautiful cities without spending billions of dollars on so-called "Urban Renewal Schemes."

Sincerely,
Bronislawa Y. Noyl
Nov. 1970

Dear Editor:
Former Secretary (of Interior) I'd all's proposal (in a recent A. P. release) that old newspapers be recycled to save our woods would incidentally also solve much of the refuse disposal problem.

Perhaps some enterprising boys (or girls) here would start collecting the papers and they will probably make money on selling them to the mills.

Bronislawa Y. Noyl
P. S. Perhaps the billions of cardboard boxes could be recycled too!

RESTAURANT EMPLOYEES ENJOY PARTY

A party was held Sunday night, Nov. 1, at Freddie's and Sons Restaurant, West Bethel, for the employees that had worked during the summer. A lovely spaghetti and chicken supper was served, with strawberry shortcake for dessert.

Freddie Pomerleau is the owner of the restaurant and his son, Albert Pomerleau, is the manager.

It was also Albert's birthday. He was presented a gift by the group and a lovely birthday cake made by Mrs. Ruth Scribner. An original poem was read by Edith Deegan, composed by Sandra Dunham. A toast was given for Freddie by Jeff Carver.

All employees were present and reported a very enjoyable time.

TELSTAR DROPS 34-20 CONTEST AT WINTHROP SATURDAY

Unbeaten Winthrop High overpowered visiting Telstar Regional High School 36-20, last Saturday afternoon to win the Mountain Valley Conference title and stake a claim on the Class C crown. Winthrop closed their season with a 9-0 record. Telstar owns a 3-4 conference mark.

Fred Warner's pass interception in the first quarter on his 25 set up Winthrop's initial touchdown. Quarterback Dave Mangin scored on a 14-yard sweep.

Winthrop sealed the outcome with 16 points in the second period. Mangin threw a 24-yard scoring strike to halfback Mike Danforth and hit halfback Wally Brennan with a six-yarder. Danforth and Jeff Hinds rushed the conversions.

Mangin hurried two more touchdowns in the third period. He teamed with Bob Sinclair on a 53-yard pass-run play and pitched to John House for 14 yards.

Telstar scored its 20 in the final period. Bob Merrill scored on five and three-yard runs and Ron Deegan tossed a 12-yard scoring pass to Phil Mills. Mills also rushed the conversion.

Telstar is scheduled for its season's finale Saturday afternoon with a 1:30 contest versus Leavitt High on the Bethel field.

WOODSTOCK ELEMENTARY SCHOOL

Open House was held at both the Locke Mills and Woodstock schools on Wednesday, Oct. 22, in observance of American Education Week. It was most gratifying to see so many parents take advantage of this opportunity to visit our schools and to talk with the teachers. The G. Ahead P. T. A. served refreshments at both schools.

At the close of the open house activities a small surprise party was given to Timothy Barker, Grade 5 teacher, who is leaving Nov. 3 for active duty for the National Guard at Fort Leonard Wood, Mo. Mr. Barker's substitute for this period is Gerald Stelmok, Bryant Pond.

IN MEMORIAM
In Loving Memory of
Lillian Pulsifer
Who passed away November 3, 1969
One sad and lonely year has passed
since great sorrow fell,
The shock that we received that day,
we still remember well,
God gave us strength to meet it,
and courage to bear the blow,
But what it meant to lose you Mym
no one will ever know,
It's so lonely here without you, we
miss you more each day,
For life is not the same for us, since
you were called away.
You were gone before we realized,
and only God knows why,
God himself knew what was best,
and he took you home with him
to rest.

Installed, and the pews are back in
position. The organ sits level again,
but since this job has taken so much
longer to finish than Avery expect-
ed due to being unable to get work
done when it was needed, the paint-
ing will have to wait until Spring. It
is great to have the building sturdy
and unmoving, but I was reminded
of the hymn, "The Church's one
foundation is Jesus Christ our Lord."
Unless Christ is the foundation, the
leader and in control of the church,
it can only be an attractive build-
ing.

Nearly all the camps were lit up
Sunday night as the hunters moved
in for the opening of deer season.
The first lucky hunter was a guest
of Arthur Thompson who got a bear
like it to be alive and joyful.

Sidney Abbott got home eight
days after the operation which is
some sort of a record. Glenn is ex-

pected home next week end which
will be about 16 days after the op-
eration. He will need to return a few
times for check-ups.

Rosemary and Lisa Bedard were
guests of her parents, the Good-
rums, one day last week.
Bea Judkins was home Saturday
night accompanied by her daugh-
ter, Judy Brooks, of Bryant Pond.
Bea expects to be able to come
home again for Thanksgiving.

I returned home from Whitins-
ville, Mass., on Friday where I had
spent a week at a School of Pastoral
Care. It was a very exciting and
rewarding week, and I would recom-
mend it to anyone who finds their
spiritual life rather dull and would
like it to be alive and joyful.

his friend's father. Earl is a mech-
anic on a plane in the Army and
travels with the plane. On one of his
recent trips, Pres. Nixon's daugh-

both Mrs. Nixon and her daughter
were passengers.

Lucille Largesse held a Tupper-

Scene at Parents' Day at Telstar.

TELSTAR R. H. S. NEWS WEST BETHEL

STUDENT COUNCIL NOTES — Physical Education at Work

The Physical Educational department at Telstar is now working on a worthwhile project which they hope to continue through the remainder of the year. It consists of having tournaments in those sports or activities that are offered in the physical education area. Tournaments are now being played in volleyball and badminton.

To determine who would play in these tournaments, games were played in the students' classes. The top two teams from each class would have a chance to the winners' title of being the best badminton players or volleyball players in the school. The games themselves last about ten minutes each. This gives the chance of three or four games to be played, allowing for chances for different teams to play, in a 45-minute period.

The semifinals were played last Tuesday. The atmosphere during the games at this time was fantastic. The students involved were quite excited about the events that took place. This being done during the activity period, students were allowed to come and watch, many snowed up. The spectators seemed to enjoy it as much as the players themselves. The finals are being held this Tuesday. This should be an eventful time, fun for everyone.

These tournaments do a lot to promote school spirit. They create a competitiveness in the students, the sense of wanting to be on top. They also create an interest in physical education itself.

ACTIVITIES

The staff of the school newspaper, "The Bubble," will be taking orders for personalized stationery and other personalized items. Anyone interested should contact David Holt, Howard Whitten, Chris Henry or Herbert Ring.

A large number of parents turned out for Telstar's Parents' Day to make the American Education Week observance a fine success. Parents were free to visit classes with their students, visit the library, the cafeteria and other points of interest, and teachers were available for conferences, too. All in all, parents who came must have a much clearer picture of their students' school life.

Recent speakers enjoyed by Frank Beane's class in Public Issues were two local candidates for the State Legislature, Mrs. E. Louise Lincoln and Raymond Harrington. Mr. Harrington spoke to the group on Tuesday, Oct. 29, followed by Mrs. Lincoln on Oct. 27. Each candidate discussed issues of the State campaign, and each was very well received by the students.

At an all-school assembly on Tuesday, Nov. 3, Telstar students were treated to a lecture-performance by Tony Montanaro, an artist in pantomime. Mr. Montanaro, who has studied with Marcel Marceau, gave an excellent program, aided by his two able assistants.

The Girls Athletic Association sponsored a car wash last Saturday which was a huge success, thanks to Pete Chapin. The Association is now working on a community project for the Christmas Vacation. — Dorita Sessions, Secretary, G. A. A.

The cat has 9 lives.

1. The Wild Cat. That's our EXT. Built for racing with special shock absorbers, stiffness for extra cooling, racing rider position, higher handlebars and a sloping seat.

And it has the light and flexible all-riveted aluminum body that's standard on all Arctic Cats.

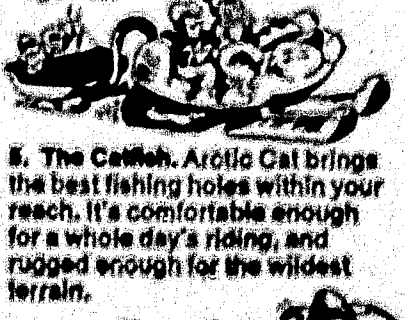

2. The Trail Cat. We have a special suspension system: torsion spring/ slide rail. It smooths out the bumps on any trail, and bites into the snow for the best traction you can get. Just turn it on, and point it at the wilderness.

3. The Tom Cat. When it comes to being a work horse, look to the cat. The ski-mounting is heavy and strong for better handling, and there's load-matched clutching for better traction in low-speed high-load conditions.

4. The Kiddie Cat. It's good for a snowmobile to be rugged and fast, but it's important to be safe, too. Arctic Cats are supersafe. From the easy-access emergency on/off switch to the moisture protected, freeze-resistant control cables, it's a perfect machine for the beginner.

5. The Catfish. Arctic Cat brings the best fishing holes within your reach. It's comfortable enough for a whole day's riding, and rugged enough for the wildest terrain.

6. The Rally Cat. The Arctic Cat is a winner. For instance, first, second and third place in last year's Canadian National Championships. And you haven't done anything 'till you've raced a snowmobile.

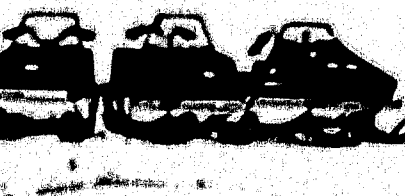

7. The Night Rider. All four Cats have bright twin-beam headlights, safety reflectors and dual tail lights. You can see where you're going, and so can everyone else.

8. Men's best friend. Arctic Cat snowmobiles are easy to operate and easy to maintain. We also make snowmobile wear: like snow suits for kids, racing suits, wet-look jackets trimmed in mink, jumpsuits, and even a pink mud-coat lined in fur.

9. The Arctic Cat. All kinds of snowmobiles for all kinds of people. Stop by at your local Arctic Cat dealer today for a test drive.

TOUR HAUNTED HOUSE—Standing, Joan Richardson; back (left to right), Steve Fyrborg, Steve Farrington, Ross Swain, Peter Farrington; front, John Richardson, Jr., Alan Stinson.

140 Tour Haunted House — Seven East Andover teenagers converted the Old Danforth House at East Andover into "Ye Ole Haunted House" for Oct. 30-31. The old house, now owned by John Richardson, had been invaded the past two months by John Richardson, Jr., Peter Farrington, Ross Swain, Steve Fyrborg, Alan Stinson and Steve Farrington. The artist who painted pictures on the inside walls and designed the sign for the outside was Joan Richardson. Guided only by a covered flashlight arrows directed the guests through many of the rooms of the three floors. Ghosts, skeletons, horns, loose boards, a mummy in a casket, a gullotine and many other weird noises and silent inhabitants kept the intruders scared and screaming. The group made their own cider in an old press owned by the Richardsons. The group sold refreshments of cider and home made doughnuts. Outside a spotlight lighted a newly dug grave covered with sprigs of flowers. The sign, decorated with orange-lettering and pictures, attracted travelers as they drove by the house. If you passed through East Andover and heard weird noises and screams it was seven teenagers' idea of a happy, safe Halloween. Last year the group started this project and if next year you hear about a haunted house at East Andover come see for yourself.

SCHNITZKE HOUSEWARMING

continued from Page One
In 1933. He obtained his doctorate of medicine degree at Louisiana State University in 1940, and interned the following year at St. Francis Hospital, Trenton, N. J. He holds professional memberships in the American Geriatrics Society, the New York Allergy Society, and since 1959 has been an Associate Fellow in the American College of Allergists. He also holds memberships in the American Medical Association, the Maine Medical Association, and the Oxford County Medical Association. He is a member of the medical staff at Bonford Community Hospital and has applied for staff privileges at Stephens Memorial Hospital. Here in Bethel, he serves as school physician at Gould Academy.

The Schnitzkes have three children. Erika, their oldest daughter, is married and teaches children in the ghetto section of New York. Karen, their youngest, is a junior at Emerson College in Boston. Karl, 1969 graduate of Tulane University, is seeking a career in the field of advertising.

Mrs. Schnitzke also attended City College of New York pursuing courses in the humanities. Her favorite subjects and interests all center around music, literature, philosophy and art. She continues to take courses in these topics for a stimulating pastime. She and her husband both share the same love for music and were delighted to know of the Community Concert membership open to them. They also enjoy great books, as is evidenced by Dr. Schnitzke's 9,000 volume library. Fascinated by history, Dr. Schnitzke claims to be a "Civil War Buff" and he anticipates joining the Bethel Historical Society. Both he and his wife also yearn to join a Study Club or Literature Group with interested citizens.

While her husband pursues his leisure time around chess activities, his library, and unique pipe collection, and other interests, Sarah Schnitzke takes pleasure in being a housewife and her home is among her many creative "hobbies". Their residence, although rented, ready-furnished while they seek to buy or build, already bears the added "touches" of her decorating talents and readily displays her warm graciousness. Another hobby is home cooking and she is a "famed collector of fine recipes", according to her husband. Other interests she hopes to pursue are "antiquing" and little theater activities.

But, most of all, comfortably away from the hustle, bustle and noise of the city, the Schnitzkes are anxious to be involved in the life of their new community where they find people neighborly, concerned, and friendly.

Blaine MacKay, son of Mr. and Mrs. Blake MacKay, celebrated his tenth birthday, Oct. 29, with a supper party.
